#### 1. SIGNIFICANT ACCOUNTING POLICIES

#### Statement of Compliance

The half year financial statements are a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. These half year financial statements do not include notes of the type normally included in the annual financial statements and should be read in conjunction with the most recent annual financial statements and the Company's ASX announcements released from 1 July 2016 to the date of this report.

#### **Basis of Preparation**

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain noncurrent assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half year financial statements are consistent with those adopted and disclosed in the Consolidated Entity's financial statements for the financial year ended 30 June 2016.

#### Adoption of new Accounting Policy

The Consolidated Entity has adopted a new Accounting Policy pursuant to Accounting Standard AASB 5 (Non-Current Assets Held for Sale and Discontinued Operations):

#### Non-Current Assets Classified As Held For Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. They are measured at the lower of their carrying amount and fair value less costs of disposal. For non-current assets to be classified as held for sale, they must be available for immediate sale in their present condition and their sale must be highly probable.

An impairment loss is recognised for any initial or subsequent write down of the non-current assets to fair value less costs of disposal. A gain is recognised for any subsequent increases in fair value less costs of disposal of a non-current assets, but not in excess of any cumulative impairment loss previously recognised.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of assets held for sale continue to be recognised.

Non-current assets classified as held for sale are presented separately on the face of the statement of financial position, in current assets.

With effect on 31 December 2016, the Directors determined to change the accounting treatment/classification of its 36.16% interest (52,553,493 shares) in Strike Resources Limited (ASX:SRK) (30 June 2016: 36.16%; 52,553,493 shares) from being an investment in an Associate entity (accounted under Accounting Standard AASB 128) to being an investment in a Non-Current Asset Held For Sale (accounted under AASB 5). This decision was made as a consequence of the change in Strike's circumstances pertaining to their announcement on 14 December 2016 that Strike had entered into a conditional sale agreement with a subsidiary of Chinese industrial and financial group Zhongrong Xinda Group Co. Ltd. to sell its high grade Apurimac Magnetite Iron Ore Project and Cusco Magnetite Iron Ore Project in Peru for US\$10 million (subject to completion of due diligence (by 30 April 2017), execution of final documentation and compliance with all regulatory requirements).

#### 9. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

#### Fair value hierarchy

The following tables present the Consolidated Entity's financial assets and liabilities measured and recognised at fair value at 31 December 2016 categorised by the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities; (i)
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or (ii) liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable (iii) inputs).

#### 9. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS (continued)

#### (a) Valuation techniques

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques such as the use of quoted market prices or dealer quotes for similar instruments. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

The fair value of the unlisted units in the CBG Fund is determined from unit price information provided by the investment manager, CBG Asset Management Limited, and as such, this financial instrument is included in Level 2.

#### (b) Level 3 fair value measurements

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. Investments in unlisted shares are considered Level 3 investments as their fair value is unable to be derived from market data. The Directors assess the fair value of these investments based on information obtained from the companies directly.

Unobservable inputs such as earnings growth in respect of unlisted securities are estimated based on market information for similar type of companies. At balance date the investment in unlisted shares has been fully impaired.

(c)	Fair values of other financial instruments		31 Dec 16	30 Jun 16

		•	1,983,060	1,443,291
	Financial liabilities	<u>'</u>		
	Payables		(42,465)	(124,039)

Due to their short-term nature, the carrying amounts of cash, current receivables and current payables is assumed to approximate their fair value.

The Company has established a dividend reinvestment plan (DRP) under which holders of ordinary shares may elect to have all or part of their dividend entitlements satisfied by the issue of new ordinary shares rather than by being paid in cash. Shares issued under the plan during the current and previous financial half year were set at a 2.5% discount to the volume weighted average market price over five trading days up to and including the relevant dividend record date.

- (c) Franking debits that will arise from the payment of dividends recognised as a liability at balance date.

The franking credits attributable to the Consolidated Entity include franking credits that would be available to the parent entity if distributable profits of subsidiaries were paid as dividends.

#### 13. CONTINGENCIES

The Consolidated Entity does not have any contingent assets or liabilities.

#### 14. EVENTS OCCURRING AFTER THE REPORTING PERIOD

(a) The Directors have declared payment of a 0.5 cent per share fully-franked dividend. The record date for determining entitlements is 24 March 2017 with payment expected to be made on or about 31 March 2017. The Company's Dividend Reinvestment Plan (DRP) will apply to this dividend - the Directors have determined that the DRP issue price will be at a 2.5% discount to the Company's volume weighted average price on ASX in the 5 day period up to and including the dividend record date.

No other matter or circumstance has arisen since the end of the financial half year that significantly affected, or may significantly affect, the operations of the Consolidated Entity, the results of those operations, or the state of affairs of the Consolidated Entity in future financial years.

#### Independent Review Report to the Members of Bentley Capital Limited

#### The financial report and directors' responsibility

The interim consolidated financial report comprises the statement of financial position, statement of comprehensive income, statement of changes in equity, cashflow statement, accompanying notes to the financial statements, and the directors' declaration for Bentley Capital Limited for the half-year ended 31 December 2016.

The Company's directors are responsible for the preparation and fair presentation of the consolidated financial report in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

#### Review approach

We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim consolidated financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated financial position as at 31 December 2016 and the performance for the half year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Bentley Capital Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

#### Independence

In conducting our review we have complied with the independence requirements of the Corporations Act 2001.

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim consolidated financial report of Bentley Capital Limited is not in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the consolidated financial position as at 31 December 2016 and of the performance for the half-year ended on that date; and
- complying with Australian Accounting Standard AASB134 Interim Financial Reporting and the Corporations Regulations 2001.
